

# Caring for your child's health just got easier

Get great medical care at school

No insurance?  
No worries!

See the doctor at  
school anytime

It's great if you have insurance, but even if you don't, we will help make care for your child affordable.

The school nurse simply examines your ill child during school, with the doctor, using video conferencing and special equipment.

And you don't  
miss work

Your child doesn't  
miss class

Imagine how easy life will be when your child gets medical attention without leaving school.

You've got enough to worry about at work.  
Save the travel time and days off it takes to care for your sick child.
